EUROPEAN INNOVATION COUNCIL – EIC ROADSHOW

NATIONAL INFO DAY

AUDITORIUM FONDAZIONE CARIPLO - LARGO GUSTAV MAHLER

On March 18 the Commission launched the **Enhanced European Innovation Council (EIC) pilot** to support researchers, firms and innovators developing high-risk, breakthrough innovations with the potential to create new markets and boost jobs, growth and prosperity in Europe.

The related **2019-2020 Work Programme** provides for a financial allocation of about **2,2 billion** euros including a number of already existing instruments and some novelties that will anticipate the Horizon Europe 2021-2027 Programming. In particular the **EIC Pathfinder** pilot (FET Open and FET Proactive) will support ambitious collaborative research projects aiming at developing radical and innovative technologies.

The **EIC Accelerator** pilot (SME Instrument) will be dedicated to companies and start-ups with a radically new highly risky, and thus, non-bankable idea underpinned by a business plan for rolling out marketable innovation solutions and with a potential to scale up.

This info day has been organized by APRE on behalf of European Commission and the Italian Ministry of Research and it is hosted by Intesa Sanpaolo. The event has been organized in the frame of the EIC Roadshow promoted by the European Commission with the objective to present the operational details envisaged by the European Commission under the Enhanced EIC Pilot and, based on these contents, starting a dialogue between the Commission itself and the main national stakeholders on the future programming 2021-2027 of Horizon Europe.

AMONG THE MAIN POINTS IN THE AGENDA:

- » Focus on breakthrough and deep tech technologies
- » Distribution of FET calls among H2020 Work Programmes
 - » The new FET Proactive calls
 - » The Programme Managers dello EIC Pathfinder
 - » The new EIC Transition to Innovation Activities
 - » SME Instrument in 2019-2020: what changes?
- » Blended finance: how the equity component and the Special Purpose Vehicle – SPV will work
 - » Coaching and Business Acceleration Services for EIC beneficiaries
 - » The Advisory Board of the European Innovation Council
 - » Other EIC calls (Fast Track to Innovation, EIC Horizon 2020 Prizes)

TARGET: top-class innovators, start-ups, spin offs, small companies, researchers, financial intermediaries, venture capitalists, business angels, incubators, accelerators, trade associations, managing authorities.
